

## Benson Valley Landfill Web Site Now Live

February 2, 2018

**FRANKFORT, KY. (Feb. 2, 2018)** – The Benson Valley Landfill team announced today a new website to provide information to the public about the Landfill and to offer a way to sign up for regular email updates.

The website, <http://bensonvalleylandfill.com/>, features information about the Landfill, including hours of operation, types of materials accepted, site safety, sustainability, community engagement, and answers to frequently asked questions.

Angela Calvin, general manager for Republic Services, said, “As a good neighbor and committed community partner, we are excited to bring this resource to our neighbors. We hope they find the information about the site and our responsible operations useful, and we look forward to building even stronger ties with the community in the year ahead.”

If you have feedback on the website, questions about the facility, or would like to tour the Landfill, please feel free to contact us at [BensonValley@RepublicServices.com](mailto:BensonValley@RepublicServices.com).
